

Election General Guidelines

Each elected Committee member can serve a term for two years or more. An elected Committee member will serve the required term until a successor qualifies, even if that requires that he/ she serves for a period longer than two years. In such a situation, prior to the election, the board* must determine whether the newly elected member will serve for a two-year term or only for the remainder of the vacated term.

Election timetable

An election for each of the elected members of the system must take place every two years, or whenever a vacancy occurs. The notice of election must be posted 14 days prior to the election. While a notice must be posted on the HKVNA Website and email addressed to Ordinary Members and Life Members located in Hong Kong, the board may choose to post in a number of different places in order to effectively inform the industry.
